

Ofinno, LLC Receives Prestigious Great Place to Work® Certification for 2024-2025

Reston, VA, June 27, 2024 — Ofinno, LLC, a leading innovator in the development of wireless and video communication technologies, proudly announces its recognition as a [Great Place to Work®](#) for 2024-2025. This distinguished certification is awarded by the esteemed global authority on workplace culture, employee experience, and leadership behaviors.

The Great Place to Work® Certification is based on an extensive, data-driven methodology that assesses employee satisfaction across multiple dimensions, including trust in leadership, pride in the organization, and camaraderie among team members. Ofinno's achievement is a testament to its continued commitment to fostering a supportive, inclusive, and engaging work environment.

The number of employees at Ofinno that said the company is a Great Place to Work was an impressive 27% higher than the typical US-Based company.

"We are thrilled to receive yet another Great Place to Work® Certification," said [Kavon Nasabzadeh](#), CEO of Ofinno. "This is a true reflection of our team's dedication to maintaining a workplace where innovation thrives – and more importantly – where employees feel valued and empowered every day. At Ofinno, we believe that a positive work culture is fundamental to achieving excellence in all that we do."

As Ofinno continues to lead the way in technological innovation, their continued Great Place to Work® Certification reinforces the company's reputation as not only a pioneer in the industry, but also an exceptional employer.

"Our employees really are the cornerstone of our success," added Nasabzadeh. "We wouldn't be where we are without each and every one of them. We are committed to nurturing their talents and providing them with the resources they need to thrive both personally and professionally."

The recognition sets the stage for another year of groundbreaking achievements and highlights Ofinno's position as a top destination for talented professionals in the industry.
